

INFORMATION NOTICE

Subject: Market consultation under the provisions of art.44 of PPA

Dear Sirs,

This is to inform you that „TPP Maritsa East 2“ EAD will carry out market consultation under Art.44 of the PPA by collecting offers for „Cost Benefit Analysis and IED Derogation Support for ContourGlobal Maritsa East 3, AES 3C Maritsa East 1, TPP Maritsa East 2 and BRIKEL Power Stations“.

The offer shall include:

Scope of work:

- Preparation of a methodology/ guidance for a technical and environmental cost benefit analysis, which should be accepted by local authorities, European Commission and Lenders (according to the European and international best practices/ lenders requirements);

- Preparation of the technical and environmental cost benefit analysis (CBA) for the ContourGlobal Maritsa East 3, AES 3C Maritsa East 1, TPP Maritsa East 2 and BRIKEL Power Stations.

Purpose of the study:

- Quantify the social benefits gained from further abatement of SO₂, NO_x and Hg emissions;

- Present the benefits together with a clear methodology indicating how these were derived;

- Compare the social and environmental benefits to the financial costs of installing and operating further abatement over its expected operational lifetime, in order to enable a comparison of the public benefits expected to be derived from its installation, compared to the costs of installation/operation and hence a discussion of “disproportionality” in line with the wording in Article 15(4) of the IED.

Term of performance of the analysis:

The CBA for each of the four Power Stations shall be delivered within three months from contract award

The offer must be submitted not later than 16.00 h. on 04.09.2017 by e-mail: iskren.tanev@tpp2.com or by Fax: +359 42 662950
